### **CRIMINAL HISTORY RECORD CHECK**

Before the District hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the District or with a third party vendor, management company, or similar contracting entity to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the District, the District shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the District or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the District prior to the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").<sup>1</sup> Where the District will contract with a Private Contractor for the services of an individual, the District will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the District. The District may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the District should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the Superintendent may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

<sup>1</sup> Individuals who submit and receive such criminal history record checks on behalf of the District must be direct employees of the District. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.

Individuals working in multiple districts may authorize the release of a prior criminal history records check with another district in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the District in lieu of submitting to a new criminal background check. If this method is used, the Superintendent must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All criminal history record check reports received from the State Police or produced by the State Police and received by the District from another proper source, will be maintained in the individual's confidential file, which must be maintained in compliance with Policy 8321 and AG 8321.

When the District receives a report that shows an individual has been convicted of a listed offense under State statutes or any felony, the Superintendent shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The District will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in M.C.L. 28.722. The District will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the Superintendent and the Board provide written approval.

The District must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the District with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

The Superintendent shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the Superintendent shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must

### Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to CHRI by the Superintendent. Violation of confidentiality is considered a misdemeanor punishable by a fine up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding District employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a FOIA request.

Criminal history reports may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

- [ ] If it appears that disciplinary action beyond written reprimand may be necessary, the Superintendent should contact the Board to discuss the disciplinary action that is to be taken.

### CRIMINAL HISTORY RECORD CHECK

Before the District hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the District or with a third-party vendor, management company, or similar contracting entity, to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the District, the District shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the District or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the District prior the individual commencing work.

Such Private Contractor(s) cannot receive or retain criminal history record information ("CHRI").<sup>1</sup> Where the District will contract with a Private Contractor for the services of an individual, the District will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the District. The District may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the District should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the Superintendent may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

<sup>1</sup> Individuals who submit and receive such criminal history record checks on behalf of the District must be direct employees of the District. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.

Such an inquiry shall also be made for regular substitutes who may be employed by the District. A substitute support staff person shall be required to submit to a criminal history records check if they work more than \_\_\_\_\_ **hours** per week in the schools, on a regular and consistent basis, even if such work is only as needed.

Individuals working in multiple districts may authorize the release of a prior criminal history records check with another district in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the District in lieu of submitting to a new criminal background check. If this method is used, the Superintendent must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All criminal history record check reports received from the State Police or produced by the State Police and received by the District from another proper source, will be maintained in the individual's ~~personnel record~~ **confidential file, which must be maintained in compliance with Policy 8321 and AG 8321.**

When the District receives a report that shows an individual has been convicted of a listed offense under State statutes or any felony, the Superintendent shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The District will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in M.C.L. 28.722. The District will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the Superintendent and the Board provide written approval.

The District must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the District with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

The Superintendent shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the Superintendent shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must

( ) submit, at no expense to the District,

### Confidentiality

All information and records obtained from such inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to CHRI by the Superintendent. Violation of confidentiality is considered a misdemeanor punishable by a fine up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding District employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a FOIA request.

Criminal history reports may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

### **REPLACEMENT POLICY – SPECIAL UPDATE MAY 2017**

#### **STUDENT SECLUSION AND RESTRAINT**

This policy is intended to provide the framework for organizational supports that result in effective interventions based on team-based leadership, data-based decision-making, continuous monitoring of student behavior, regular universal screening and effective on-going professional development. The District is committed to investing in prevention efforts and to teach, practice and reinforce behaviors that result in positive academic and social outcomes for students.

In the event that staff members need to restrain and/or seclude students, it must be done in accordance with this policy, which is intended to:

- A. promote the care, safety, welfare and security of the school community and the dignity of each student;
- B. encourage the use of proactive, effective, evidence and research based strategies and best practices to reduce the occurrence of challenging behaviors, eliminate the use of seclusion and restraint, and increase meaningful instructional time for all students; and
- C. ensure that seclusion and restraint are used only as a last resort in an emergency situation and are subject to diligent assessment, monitoring, documentation and reporting by trained personnel.

In furtherance of these objectives, the District will utilize Positive Behavioral Interventions and Supports (PBIS) to enhance academic and social behavior outcomes for all students. PBIS implemented by the District will include socially valued and measurable outcomes, empirically validated and practical practices, systems that efficiently and effectively support implementation of these practices, and continuous collection and use of data for decision-making.

### **B. Definition of Emergency Seclusion**

Seclusion means the confinement of a student in a room or other space from which the student is physically prevented from leaving. Seclusion does not include the general confinement of students if that confinement is an integral part of an emergency lockdown drill required under Section 19(5) of the Fire Prevention Code, 1941 PA 207, M.C.L. 29.19, or of another emergency security procedure that is necessary to protect the safety of students.

Emergency seclusion is a last resort emergency safety intervention involving seclusion that is necessitated by an ongoing emergency situation and that provides an opportunity for the student to regain self-control while maintaining the safety of the student and others.

To qualify as emergency seclusion, there must be continuous observation by school personnel of the student and the room or area used for confinement:

1. must not be locked
2. must not prevent the student from exiting the area should staff become incapacitated or leave that area

3. must provide for adequate space, lighting, ventilation, viewing, and the safety of the student

4. must comply with State and local fire and building codes

C. **Time and Duration** Emergency seclusion should not be used any longer than necessary, based on research and evidence, to allow a student to regain control of his/her behavior to the point that the emergency situation necessitating the use of emergency seclusion is ended, but generally no longer than:

1. fifteen (15) minutes for an elementary school student;

2. twenty (20) minutes for a middle school or high school student

If an emergency seclusion lasts longer than the suggested maximum times above, the following are required:

1. additional support (which may include change of staff, introducing a nurse or specialist, or additional key identified personnel)

2. documentation to explain the extension beyond the time limit

1. mechanical restraint
2. chemical restraint
3. corporal punishment as defined in 380.1312(1) of the revised school code, 1976 PA 451, otherwise known as the Corporal Punishment Act

12. prone restraint (the restraint of a person face down)

**NOTE:** School personnel who find themselves involved in the use of a prone restraint as the result of responding to an emergency must take immediate steps to end the prone restraint.

13. the intentional application of any noxious substance(s) or stimuli that results in physical pain or extreme discomfort

A noxious substance or stimuli can either be generally acknowledged or specific to the student.

14. physical restraint, other than emergency physical restraint

15. any other type of restraint not expressly allowed

**B. Definition of Restraint**

Restraint means an action that prevents or significantly restricts a student's movement. Physical restraint is intended for the purposes of emergency situations only, in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

Emergency physical restraint is a last resort emergency safety intervention involving physical restraint that is necessitated by an ongoing emergency situation and that provide an opportunity for the student to retain self-control while maintaining the safety of the student and others. There are three (3) types of restraint: physical, chemical, and mechanical.

1. **Physical restraint** involves direct physical contact.

Restraint does not include actions undertaken for the following reasons:

- a. to break up a fight
- b. to take a weapon away from a student
- c. to briefly hold the student (by an adult) in order to calm or comfort him/her
- d. to have the minimum contact necessary to physically escort a student from one area to another
- e. to assist a student in completing a task/response if the student does not resist or if resistance is minimal in intensity or duration
- f. to hold a student for a brief time in order to prevent an impulsive behavior that threatens the student's immediate safety (e.g., running in front of a car)
- g. to stop a physical assault as defined in M.C.L. 380.1310
- h. actions that are an integral part of a sporting event, such as a referee pulling football players off from a pile or similar action

2. **Chemical Restraint** is the administration of medication for the purpose of restraint.

Restraint does not include administration of medication prescribed by and administered in accordance with the directions of a physician.

3. **Mechanical Restraint** means the use of any device, article, garment, or material attached to or adjacent to a student's body to perform restraint.

Restraint does not include the following:

- a. an adaptive or protective device recommended by a physician or therapist (when it is used as recommended)
- b. safety equipment used by the general student population as intended (e.g., seat belts, safety harness on school transportation)

C. **Time and Duration**

Restraint should not be used:

1. any longer than necessary, based on research and evidence, to allow students to regain control of their behavior to the point that the emergency situation necessitating the use of emergency physical restraint is ended; and
2. generally no longer than ten (10) minutes.

### **USE OF EMERGENCY SECLUSION/RESTRAINT**

#### **A. When to Use Emergency Seclusion/Restraint**

Seclusion/restraint must be used only under emergency situations and if essential. Emergency situation means a situation in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

#### **B. General Procedures for Emergency Seclusion/Restraint:**

1. An emergency seclusion/restraint may not be used in place of appropriate, less restrictive interventions.

3. School personnel shall call key identified personnel for help from within the school building either immediately at the onset of an emergency situation or, if it is reasonable under the particular circumstances for school personnel to believe that diverting their attention to calling for help would increase the risk to the safety of the student or to the safety of others, as soon as possible once the circumstances no longer support such a belief.
4. While using emergency seclusion/restraint, staff must do all of the following:
  - a. involve key identified personnel to protect the care, welfare, dignity, and safety of the student
  - b. continually observe the student in emergency seclusion for indications of physical distress and seek medical assistance if there is a concern
  - c. document observations
  - d. ensure to the extent practicable, in light of the ongoing emergency situation, that the emergency seclusion/restraint does not interfere with the student's ability to communicate using the student's primary mode of communication
  - e. ensure that at all times during the use of emergency seclusion/restraint there are school personnel present who can communicate with the student using the student's primary mode of communication

  - b. report in writing or orally to the parent or guardian immediately
  - c. a report shall be written for each use of seclusion/restraint (including multiple uses within a given day) and the written report(s) provided to the parent or guardian within the earlier of one (1) school day or seven (7) calendar days

**C. Students Exhibiting a Pattern of Behavior**

If a student exhibits a pattern of behavior that poses a substantial risk of creating an emergency situation in the future that could result in the use of emergency seclusion/restraint, school personnel should do the following:

- A. awareness training for all school personnel who have regular contact with students; and
- B. comprehensive training for key identified personnel.

This requirement may be satisfied using online training developed or approved by MDE and online acknowledgement of understanding and completion of the training by the substitute teacher.

### **Comprehensive Training for Identified Personnel**

Each building administrator will identify sufficient key personnel to ensure that trained personnel are generally available for an emergency situation. Before using emergency seclusion or emergency physical restraint with students, key identified personnel who may have to respond to an emergency safety situation must be trained in all of the following:

- A. proactive practices and strategies that ensure the dignity of students
- B. conflict resolution
- C. mediation
- D. social skills training

**CRIMINAL HISTORY RECORD CHECK**

Before the District hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the District or with a third-party vendor, management company, or similar contracting entity, to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the District, the District shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the District or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the District prior to the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").<sup>1</sup> Where the District will contract with a Private Contractor for the services of an individual, the District shall notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the District. The District may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the District should use the Affidavit of Assignment or similar "red light/green light" procedure.

<sup>1</sup> Individuals who act on behalf of the District, work on a regular or continuous basis in the District, are involved in the hiring process of District employees, and have successfully undergone a fingerprint-based criminal history record check by the District, may continue to submit and receive such criminal history record checks on behalf of the District, regardless of their status as employees, contractors, vendors or similar classification.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the Superintendent may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

For substitute teachers or substitute bus drivers currently working in another district, public school academy or non-public school in the State, the Superintendent may use a report received from the State Police by such school to confirm the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

Individuals working in multiple districts may authorize the release of a prior criminal history records check with another district in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the District in lieu of submitting to a new criminal background check. If this method is used, the Superintendent must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a layoff or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All criminal history record check reports received from the State Police or produced by the State Police and received by the District from another proper source will be maintained in the individual's ~~personnel record~~ **confidential file, which must be maintained in compliance with Policy 8321 and AG 8321.**

When the District receives a report that shows an individual has been convicted of a listed offense under state statutes or any felony, the Superintendent shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The District will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in M.C.L. 28.722. The District will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the Superintendent and the Board provide written approval.

The District must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the District with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

The Superintendent shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the Superintendent shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.
