July 20, 2017

Mr. Tom DeKeyser  
Superintendent of Schools  
Whitmore Lake Public Schools  
8845 Main Street  
Whitmore Lake, MI 48189

Subject: Sinking Fund Program  
Track Resurfacing & Lighting Upgrades  
Contract Award Presentation

---

Dear Mr. DeKeyser,

The Barton Malow Company (BMC) prepared bid documents for the Whitmore Lake High School track resurfacing and lighting upgrades. This project generally consists of resurfacing and restriping the running track and upgrading the lighting in the gym, pool, main street and rear parking lot bollards with energy efficient LED lighting.

In early July 2017 bid documents were formally issued for public bid. A pre-bid meeting and walkthrough was held on Wednesday, July 12, 2017. On Wednesday, July 19, 2017, sealed bid proposals were received and evaluated. Barton Malow conducted a post-bid review with the apparent low bidders to determine the lowest, qualified bid. Therefore, we are requesting approval of the Board of Education to award contracts to the following contractors as presented:

<u>Trade / Bid Alternates</u>	<u>Contractor</u>	<u>Amount</u>
Track Resurfacing / Restriping	Star Trac Enterprise	\$66,000

There is an add alternate of \$4,950 to coat the north 'D' zone with a black acrylic surface. This alternate is under consideration along with the reviewing options to add a pole vault event.

The lighting upgrade bids are still under review at this time. Bid Tabulation sheets are attached for reference. Work will be coordinated around the fall sports schedule.

In addition to the trade contracts above, a project contingency of 10% should be set aside for hidden conditions during construction, along with \$5,000 for general conditions for temporary items and \$7,500 for Construction Management costs.

The leaking fire suppression line above the auditorium is scheduled to be fixed this month. Also, BMC will be reevaluating the ball field drainage situation this month.

Barton Malow is in the process of obtaining quotes for various other small projects such as; repairing a leak in the water line in the pump house, addressing roof leaks at the high school and evaluating the pumps at the Main Street building.

The planning phase for the 2018 projects will start in the fall, with a target to bid in the winter and implement the work in the Spring-Summer.
